### AGED ELEGANCE

'This Penny Morrison wallpaper feels timeless, which was exactly the feeling we wanted in this dining space. I was immediately drawn to the pattern and loved the earthy shade. It pairs beautifully with blues, greens and creams – all of which we used throughout.'

### RICH PICKINGS

'I used warm earthy tones throughout this 17th-century Cotswold home, but I wanted to create something unexpected on the landing; using Edward Bulmer's Sang de Boeuf as the backdrop worked perfectly. I find this shade pairs beautifully with rich antique textiles.'

### SLEEPING BEAUTY

'We wanted the bedroom to feel like a cosy retreat, so we chose Farrow & Ball's Red Earth as it makes the room feel grounded. Beyond bedrooms, Red Earth works beautifully in spaces where you want a sense of comfort, like snugs, living rooms and dining spaces.'
